

Proper Use and Care of your Expedition One Geri Fuel and Water Cans

- Your portable liquid containers are meant to be mounted on your vehicle only when necessary. It is not recommended cans be stored long-term in/on your vehicle. This helps ensure longevity of product.
- It is recommended your cans be stored long-term in a garage or similar covered area.
- When your cans are in use, keep full of liquid and be sure to cycle through fuel/water regularly.
- Be careful not to over-tighten the lid, as this may cause damage or unnecessary wear. Replacements spout kits may be purchased at 801-627-2921 or online www.expeditiononestore.com
